I. Introduction

3-5
pages

Statement of Problem
Why it's important
Relevance to ECE

II. Background

10-15
pages

What others have done

b. How Falls short

This is main citation section
Lead-in to what needs to be done

III. What You've Done

20-30
pages

Your
first
1-2
papers

Results

Interpretation

How addressing #b.

Images, radiographs, charts, graphs

Discussion

IV. Future Work

3-5
pages

What you'll do - broadly

Do identify possible specific directions

Do identify possible methods, experiments, protocols.

V. Concluding Remarks

50-200
refs

VI. References

Look to the future - virtues of proposed work, etc.
